

29 April 1963

MEMORANDUM FOR THE DIRECTOR

1. Jim Angleton, [] and I, with perhaps one more anti-Soviet, counterintelligence type, are planning on an exploratory reconnaissance of the Little Moose River and several unexplored lakes in the northern Adirondacks toward the end of May. We plan on departing Washington on Wednesday, 22 May (at least after the USIB Meeting, but probably in the evening), and returning late in the evening of Sunday, May 26th, tired, dirty, unshaven, smelling of strong liquor, and the truth not in us. If we are lucky, we also may smell fishy.

STAT

2. Request approval of this four-day trek.
